obviously the higher your engagement rate the more successful brands will consider you and the higher they will be willing to pay it is difficult to find overall engagement rates for tiktok all the published ones appear to wrongly equate engagement with the percentage of people opening the app once a day however like most social media networks you can calculate your individual tiktok engagement with the following formula number of hearts number of comments number of followers x100 you can calculate this either for a single post or overall we suggest that you add together the figures for your last 20 posts when you make this calculation overall

this is how you should be purchasing the coins with your real money but there is always a second option to by pass these and they are called cheats these cheats are used to loot resources from mobile apps the same is available for tiktok also we can loot tiktok coins by using some means of online methods to make money now let s talk about that

you need to begin by asking why people would want to follow you what do you offer that thousands of other accounts don t is it entertainment are you a good singer musician dancer or stand up comedian are you so bad at those things that you can make your videos funny can you create entertaining prank videos can you motivate people or provide them with helpful hints to improve their lives or are you merely yet another lip syncher who doesn t add any value to your video clips

there are certain expectations of tiktokers when they upload videos for a start you need to ensure you don t breach tiktok s content guidelines there should be nothing inappropriate in your videos no hate speech racism etc remember that some adults do misuse tiktok so be careful when uploading videos of yourself doing perfectly normal everyday activities that creeps might abuse e g is it really a good idea to upload videos of you and your friends in nighties at a slumber party remember that tiktok is a public social network anybody can view your videos

promote your videos on your other social channels and your blog too if you have one the more people who know about your content the more will watch and like it the more you promote your content the more additional followers you are likely to gain and the closer you will be to being considered an influencer

if you are beginning from scratch you have the chance to create the perfect username you want it to be easy for people to say and spell and preferably relevant to you and your niche ideally you should have the same username on all your social profiles so your tiktok fans will know when they have found your youtube twitch and instagram channels

the tiktok coins club generator is one of the more infamous tiktok generator websites online and like all of the other websites and services that claim to give you free coins it should be avoided at all costs
