no need to give an introduction about tiktok i know that but there might be people who came here out of curiosity because we are talking about making money that will fetch some users to have a read so basically tiktok is a mobile app platform developed by a chinese firm called bytedance tiktok was previously musical ly and then the developers decided to release tiktok which is a better version of musical ly you can post tiny videos of maximum 15 seconds in this app you can join these tiny videos together to post a video of maximum 60 seconds and now you can also get tiktok coins on your account i think the team is going to add more features soon

this also helps you better know your audience you re not making videos for yourself nor should you make a wide range of videos trying to keep everybody happy successful tiktokers make videos that they know their audience will love it is much easier to devote your attention to a particular group of people rather than just making random content

promote your videos on your other social channels and your blog too if you have one the more people who know about your content the more will watch and like it the more you promote your content the more additional followers you are likely to gain and the closer you will be to being considered an influencer

tiktok is still relatively new even when you allow for its previous life as muscial ly therefore people are still discovering the best ways to succeed on the platform ironically one of the most successful methods is to work tiktok along with another network some of the top tiktok influencers also perform exceptionally well on youtube with best of tiktok type compilations and they manage to take advantage of youtube s established advertising system

examples of the emoticons which can be bought by tiktok livestream viewers are the panda for 5 coins italian hand 5 love bang 25 sun cream 50 rainbow puke 100 concert 500 i m very rich 1 000 and drama queen 5 000

well tiktok coins are nothing but virtual money that you can spend to buy other virtual items such as diamonds and other resources on tiktok it s similar like we buy gems on various games like clash of clans you ll spend your real money there are free methods also to buy coins using your google play account and then you can spend those coins to buy tiktok resources you can then gift those resources to other users on tiktok as a form of appreciation or love

don t forget to interact with your viewers make sure that you reply to comments that people leave on your videos it may seem like hard work to you but it makes your followers believe you care and take notice of them
